Re: FTC Special Report for 1975

Dear Alex:

As you requested, I am enclosing for your review a copy of the proposed FTC Special Report for 1975, which is to be filed by Friday, July 22nd.

Please note that I have intentionally omitted Item 3, which will be a listing of subsidiary corporations. I expect to receive certain information required for this item on Monday, and will then forward a copy of this complete section to you for inclusion in the Report.

Please note also that before the final Report is submitted to the FTC, it must be sworn to by Shepard Pollack, whose signature must be notarized. Additionally, in past years the cover page has been signed by a member of Conboy.

If the proposed Report meets with your approval, I will be happy to take care of obtaining the necessary signatures and will then either deliver the final Report to you for submission to the FTC, or else arrange for delivery directly, whichever you prefer.

Kindly let me have your comments and further instructions as soon as possible.

Sincerely,

David Fink
